STEPHEN J. TREMEL, JR.
VICE PRESIDENT OF FINANCE

July 31st, 1997

To: Lescas Enterprises
Attn: Mr. M. Lescas

Michael, I just wanted to thank you again for the great job you did on our bathroom. Everything turned out just the way we wanted, which is consistent with what Beverly and I have come to expect from your work. If a future client ever needs an endorsement for the quality of your work you should feel free to have them contact me. The fact that we have continued to contract your services over the years is a testimonial to your capabilities and craftsmanship. We continue to enjoy the large screened in porch, our remodeled kitchen, and finished basement, not to mention all of the windows you replaced. If you need any pictures of the various projects you completed for your portfolio please let us know. Thanks again, Michael and good luck !

Sincerely,

Stephen J. Tremel, Jr.
